TESTIMONIALS

"Leo was friendly from the start! It was like he could feel my thoughts. He talked about things I was doing that he wouldn't have known. And he was so animated, especially when he felt my sister and my dad and uncle and my mom who came to him with a message for me. I felt renewed by the reading and ready to move in new directions with more purpose and surety.

"I was on the show you had with Rev. Pamela Cummins. You are fabulous! How in the world did you know about my two disorganized closets! Funny and embarrassing! Thank you for the wonderful tidings about life and love. You were on the money....you were sweet, kind and very, very funny with all of us who called in....I intend to get a reading from you again."

"I received my reading via Youtube recently, and I was starstruck by how much Leo's clear wisdom and vivacious personality shines with compassion and loving light. I encourage anyone looking at this page to make an appointment with Leo, as he inspires realization of all blessings already in our lives, and self-examination of what fruits our actions are really bearing. At least, if that's the sort of thing you're looking for. :)"

Growing up in the deep south, Leo Brown was accustomed to hearing people speak of, "The Gift." He would have dreams that would magically come true but never understood that he actually was a holder of "The Gift" that everyone talked about. It wasn't until the age of 21 years old when he received his first set of tarot cards that he discovered he, like many others in his family, possessed the ability of spiritual sight. He decided to dedicate his time to developing and strengthening his intuition. Soon he realized that his clairvoyant abilities enabled him the opportunity to not only fulfill the curiosity of those he came in contact with but to heal them, and through this healing that he imparted he found his own healing and self-growth.

Since then, Leo has managed to build on the foundation of his skills by forming Psychic Leo Brown, Inc., which provides such services as intuitive readings, tarot readings, mediumship, animal communication, transformativite workshops and motivational speaking. A progressive and contemporary company that promotes self empowerment, spiritual growth and entertainment.

Leo Brown's mission is to help heal people all over the world. While entertaining them at the same time. Between being a radio personality, making television appearances, and working with everyone from A-list celebrities to the boy and girl next door, this down to earth, genuine spirited sentient is empowering the lives of people everywhere and finding joy in every minute of it.
